

# Curbside Book Pickup at Cordata (Grades K-1)

Put a book on Hold >>> Get a Seesaw message >>> Pickup at Cordata

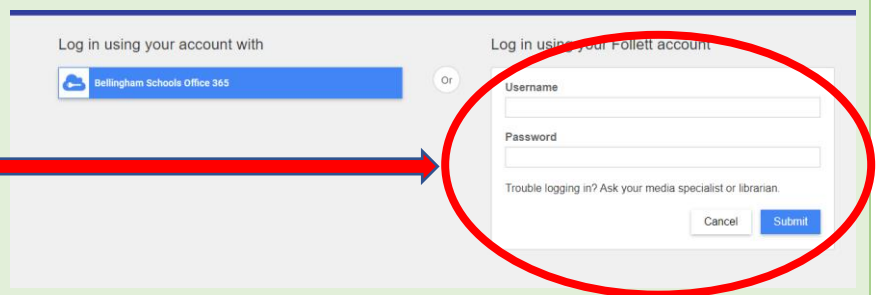

1. On your iPad, select the Cordata Library icon.

2. Click Log in.

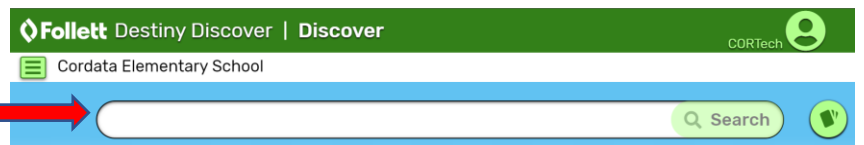

3. Login using your network username and password. (See the card that came with your iPad.)

4. Start searching for books!

You can search by title, author or keyword in this search bar.

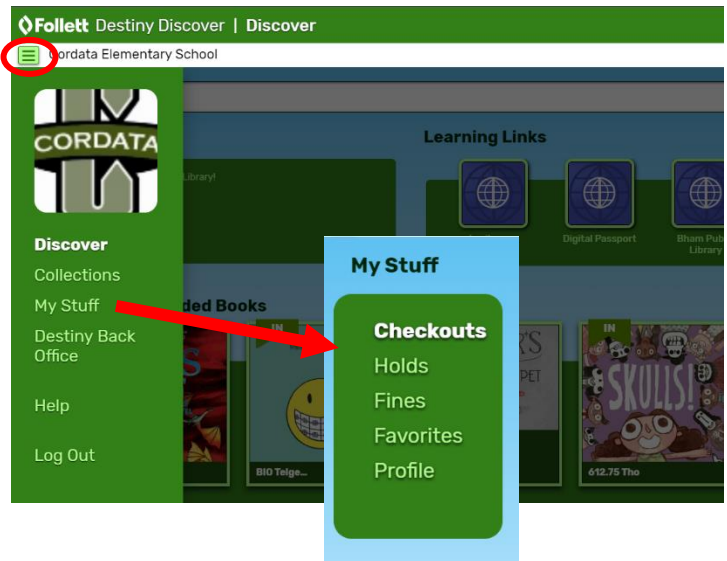

5. When you find a book you want to check out, click HOLD.

This tells you the book is already checked out. You can still put it on hold, but you will be put on a waiting list.

6. Use the three lines in the top left corner to access the Main Menu.

Choose "My Stuff" to view current checkouts, Favorites list, and holds.

7. Kindergarteners and first graders may check out 1 book at a time. We will notify parents in SeeSaw that the book is ready for pickup at Cordata School during meal distribution on Wednesdays, 4:00-5:30pm. If you already have a book checked out, you will need to bring it with you. See you there.
